REVENUE DEPARTMENT.

Circular Memorandum No. 7469-76, dated 16—20th January 1908.

Subject:—

Fortnightly Prices Current of Food Grains (Wholesale and Retail).

Occasionally instances of glaring discrepancies in the quotation of the prices of some of the articles are noticed in the above returns received from the Deputy Commissioners of Districts, for example, in the Hassan District Return for the fortnight ending 15th November 1907 the price of hides was quoted at 20 seers per rupee and in that for 30th November 1907, the wholesale price of grass was found to have risen (fourfold) to Rs. 8 per cart against Rs. 2 in the previous fortnight while the retail price was 2 annas per head-load against one anna in the previous fortnight and the price of dry cocoanut was quoted at Rs. 2-8-0 per maund. The Deputy Commissioner was requested to state whether the 1st and the 3rd articles sell so cheap in his district and to explain the discrepancy in the second case.

2. The Deputy Commissioner in reply states that the kotval at Hassan was in the practice of quoting the price of hides at Rs. 2 each and that he did not know that it should be quoted by weight and that it is now ascertained from the Amildar that the article is sold at 10 seers per rupee; that by an oversight the price of grass was returned at Rs. 8 per cart instead of Rs. 3 and that the quotation of the price of dry cocoanut at Rs. 2-8-0 per maund was an error, the price being Rs. 7 per maund.

3. From the above it is observed that sufficient attention is not paid to this important return by the Taluk Officers and that little scrutiny is evinced in the District Offices. The Deputy Commissioners are therefore requested to bestow some attention on checking these periodical returns and warn the Amildars against similar mistakes in the future.
